

Partysession

Why not come in and have lots of fun with your friends in our studio. We'll take plenty of photographs to capture the character of you and your friends. It is a great way to celebrate a Birthday, the end of exams, or even a Tuesday!

You get up to an hour in the studio, then, we put these images on an online gallery where you can browse through the images and purchases any you like. We also add your images to Facebook so you can use the images on your own page as well. With the party session you get to choose one image, which we mount and frame for you and this is all included in the package. This is great value at £65.

Do

- Wear casual clothes (to start with) – To get the best out of your session it is always a good idea to wear casual clothes, as you will be running around, lying on the floor, jumping in the air and falling off space hoppers!!
- Bring a change of outfit – Everyone always wants to look glamorous, so we take this into consideration. Bring a more formal change of clothes if you like and we'll take photos of you strutting your stuff in the studio. Why not bring in some costumes instead to add even more fun to your day!
- Have an open mind – It is no use booking a session with us and just wanting a 'nice' group shot. Of course we take lots of great group shots but to get some really fantastic photographs you have to be prepared to have lots of fun and act a little silly at times.

Don't

- Have too many changes of clothes – To make the most of your time in the studio, usually a couple of outfits is more than enough. You want to spend most of the time getting fabulous photos taken of you not getting changed into different outfits.
- Don't bring your whole school – While it's great to have big, big group shots done, have a maximum of 10 friends. This means that you can have a much better variety of photos.
- Carry a frown – You want photos where everyone is having a great time and all smiling. We will make you laugh and smile but it's great when you meet us halfway!
